Towards new frontiers of peer review: prospects and challenges

TD COST Action TD1306 PEERE
"New Frontiers of Peer Review"

Studia Mediterranea, School of Humanities and Social Sciences
University of Split
Peristil 3/III, 21000 Split
16-18 June 2015

PEERE

The workshop aims to look at innovation in peer review in a trans-disciplinary way. It will discuss different models of peer review and implications of different publishing systems for the quality and efficiency of the process.

Invited speakers are:

Adrian Aldcroft (PLoS ONE)
Philippe Ravaud (Université Paris Descartes)
Kyle Siler (University of Toronto)
Didier Torny (RiTME-INRA, France)
Elizabeth Wager (BMC Research Integrity and Peer Review)

Tuesday 16th June 2015

08.30 Registration

09.00 Welcome

09.15 The PEERE Action (Flaminio Squazzoni, Chair)

09.30 *Peer review at PLoS ONE* (Adrian Aldcroft)

10.30 *Peer review evaluation process of Marie Curie Actions under EU's Seventh Framework Programme for research* (Pina, Hren and Marušić)

11.15 Coffee break

11.45 *Peer review as a field of research: an empirical analysis of the literature* (Torjada, Grimaldo, Marušić and Squazzoni)

12.30 *Is three better than one? An agent-based model of referee behavior in peer review* (Bianchi and Squazzoni)

13.15 Lunch

14.45 *Risk, reward and innovation in peer review* (Kyle Siler)

15.45 *Social networks as a potential source of bias in peer review* (Soós, Vida, Barros, Conejo and Walker)

16.30 Coffee break

17.00 Roundtable and debate

17.45 Closing

Wednesday 17th June 2015

09.15 *What is the evidence that peer review works?* (Wager)

10.15 *Analysis of "peer review" bibliographic data from WoS* (Batajeli and Ferligoj)

11.00 Coffee break

11.30 *Validation and dissemination: The changing technologies of peer review* (Torny)

12.30 *Challenging science audit: Learning from peer review* (Cowley)

13.15 Lunch

14.45 Social programme

Thursday 18th June 2015

09.15 *Generating better evidence to guide the peer review system evolution* (Ravaud)

10.15 *Transparency of peer review in Croatian OA journals* (Stojanovski)

11.00 Coffee break

11.30 *Peer review at the Springer computer science conferences* (Malicki and Birukou)

12.15 *IMPACT Observatory of clinical research regarding data sharing – Relevance for peer review research* (Krleža-Jerić, Mahmić-Kaknjo, Malički, Marušić, Lukšić, Gabelica and Phillips)

13.00 Lunch

14.30 *Network effects on referees in a multidisciplinary journal* (Casnici, Dondio and Squazzoni)

15.15 Roundtable and debate

16.00 Coffee break

16.30 Closing
