PEERE Workshop on
"Guidelines and protocols for data sharing in peer review"
University of Brescia, Dept of Economics and Management
Sala della Biblioteca
Via San Faustino 74/B, Brescia, Italy
22-23 July 2015

Financially supported by the TD1306 COST Action PEERE "New frontiers of peer review", this workshop aims to provide an interdisciplinary, intersectoral forum to discuss problems of data sharing on peer review. It will include experts on ethics, privacy, confidentiality, and legal aspects who will collaborate to establish guidelines and protocols that will make data sharing on peer review at journals possible for the first time. It will include talks and working group activities.

Workshop delegates are:

Christian Caron (Springer)

Virginia Dignum (Deft University of Technology)

David Erdos (University of Cambridge)
